1. Introduction

Website development for “HealthCare”

1.1 ABOUT THE WEBSITE

This Website system supports All the Users.

Since this is a public service website, ours site is open to the general public without any restrictions. Hence any user can log in into our site using their credentials (i.e., e-mail) and take advantage of all the services offered by us.

1.2. ABOUT THE PROJECT

As we can see people nowadays prefer to go digitally for everything. Thus, to serve our patients/Customers better, we provide detailed information about the services we offer such as booking appointments prior to save the waiting time, providing pharmacy services online, online video consultation, provide 24/7 service and meet the experts online etc. We also provide COVID related updates, hence our website has got everything covered for this ongoing pandemic situation.

1.3 FUNCTIONALITIES

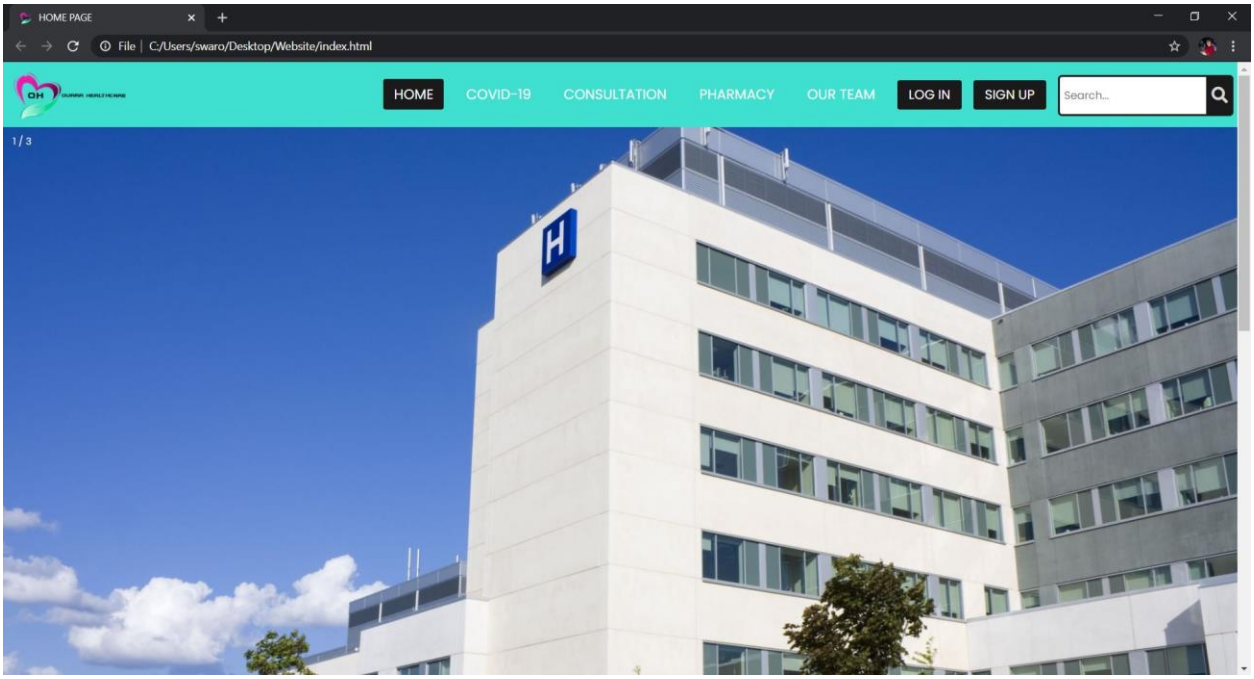
- Login and Sign Up

  Once the user enters the login credentials, the User will be redirected to the Home Page

- Home Page

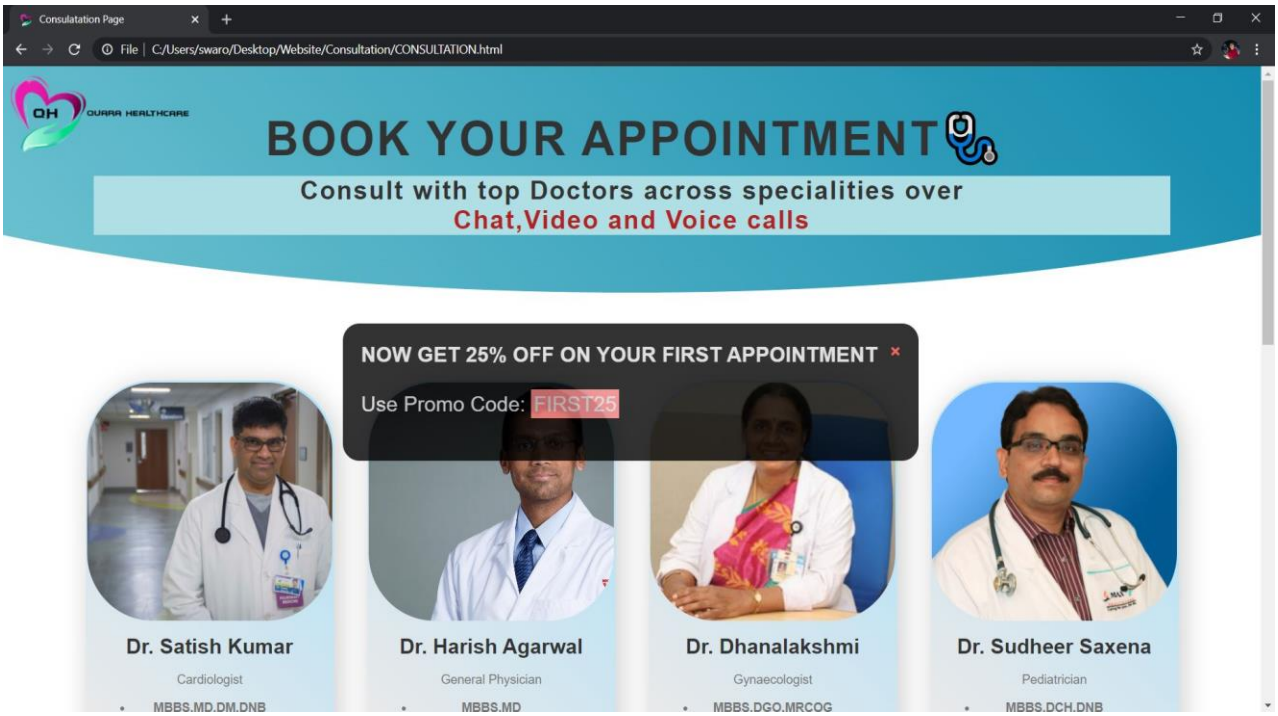
  From home page the user can navigate to the following pages:

  1. Consultation Page
  2. Pharma-care Page
  3. Covid-19 Page
  4. Our Team Page
  5. Contact Us Page
  6. Log in and Sign up Page



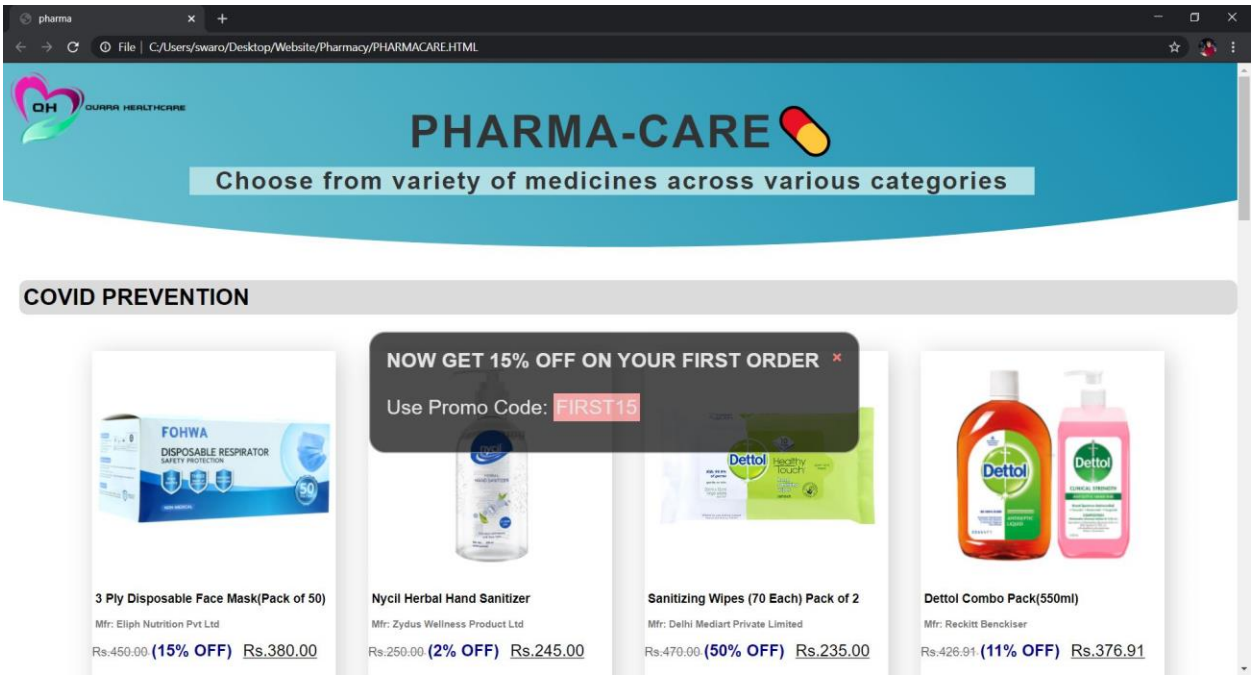
1) Consultation Page –

From our consultation page the user gets to choose to book their online appointment from number of expertise doctors who have more than 15 years of experience in various fields.



2) Pharma-care Page-

If the user wishes, they can find and buy medicines with our PHARMA-CARE. The user can browse through various medicines and products from different categories on our online pharmacy that provides free service across various cities in India. Our pharmacy also includes a separate section for the prevention of the ongoing Covid-19 pandemic by allowing the user to browse through a variety of masks and disinfectants.



3) Covid-19 Page –

User gets information about the Covid-19 testing Centers and live statistics Updates about Covid-19.
